British Journal of Orthodontics

Volume 23 (1996)

Subject Index

Accuracy
  Accuracy of Orthodontic Force and Tooth Movement Measurements 241
Ambeloblastoma
  Use of a Modified Twin-Block Appliance Following Partial Maxillectomy: Case Report 103
Anencephaly
  Alteration in Facial Shape in the Anencephalic Human Foetus 129
Arch Perimeter
  Individualized Catenary Curves: Their Relationship to Arch Form and Perimeter 21
  The Assessment of Crowding without the need to Record Arch Primeter Part I: Arches with Acceptable Alignment 137
Assessing GDS Cases or Caseloads
  Assessment of GDS Orthodontic Standards: The Dental Practice Boards Gradings Compared to PAR and IOTN 211
Audit
  Index of Oral Cleanliness (I.O.C.) A New Oral Hygiene Index for Use in Clinical Audit 145

Bond Strength
  The Effect of Etch Time and Debond Interval upon the Shear Bond Strength of Metallic Orthodontic Brackets 121
  The Effect of Static Loading in Orthodontic Bonding 237
Bonded Retainer
  Bonded Retainers 'Hands Free' 313
Bracket Bonding
  The Effect of Etch Time and Debond Interval upon the Shear Bond Strength of Metallic Orthodontic Brackets 121

Calibration
  Training Dental Nurses in the use of the PAR Index: A Pilot Study 153
Caries
  Bonded Retainers 'Hands Free' 313
  A Scanning Electron Microscope Study of Early Enamel Caries Formed In Vivo Beneath Orthodontic Bands 43
Catenary Curves
  Individualized Catenary Curves: Their Relationship to Arch Form and Perimeter 21
Cephalometric Analysis
  Balancing the Books on Orthodontic Treatment: An Integrated Analysis of Change 93
Class II Division
  Class II/Division 2 Malocclusion: A Method of Planning and Treatment 29
Class II Malocclusion
  Use of a Modified Twin-Block Appliance Following Partial Maxillectomy: Case Report 103
Cleft data bases
  Consultant Orthodontic Services for Cleft Patients in England and Wales 165
Cleft lip and palate
  Consultant Orthodontic Services for Cleft Patients in England and Wales 165
Clinical Orthodontic Research
  An Analysis of Papers published in the British and European Journals of Orthodontics 203
Consultant Orthodontists
  Consultant Orthodontic Services for Cleft Patients in England and Wales 165
Craniofacial Deformity
  Effects of Thalassaemia Major on components of the Craniofacial Complex 157
Cross Infection
  A Clinical and Laboratory Evaluation of Three Types of Operating Gloves for use in Orthodontic Practice 115
Crowded Arches
  The Assessment of Crowding without the need to Record Arch Perimeter. Part II: Crowded and Irregular Arches 229
Crowding
  Individualized Catenary Curves: Their Relationship to Arch Form and Perimeter 21
Cutters
  Distal end Cutters—Efficiency, Safety and Design 172

Dental Nurses
  Training Dental Nurses in the use of the PAR Index: A Pilot Study 153
Dental Plaque Index
  Index of Oral Cleanliness (I.O.C.) A New Oral Hygiene Index for Use in Clinical Audit 145
Discontinuation of Treatment
  Discontinued Orthodontic Treatment in the general dental service and community dental service in England and Wales during the summer of 1991 125
Disposable Gloves
  A Clinical and Laboratory Evaluation of Three Types of Operating Gloves for use in Orthodontic Practice 115
Distal End
  Distal end Cutters—Efficiency, Safety and Design 172
Distal Movement
  Distal Movement without Headgear: The use of an upper removable appliance for the retraction of upper first molars 305
DPB Gradings
  Assessment of GDS Orthodontic Standards: The Dental Practice Boards Gradings Compared to PAR and IOTN 211

Enamel
  A Scanning Electron Microscope Study of Early Enamel Caries Formed In Vivo Beneath Orthodontic Bands 43

Enamel Attrition
Prader-Willi Syndrome—A Case Report of the Tri-Disciplinary Management of Maxillary Hypoplasia and Enamel Attrition 299
Enamel Demineralisation
In vitro measurement of enamel demineralisation in the assessment of fluoride-leaching orthodontic bonding agents 343
Etch Retention
The Effect of Etch Time and Debond Interval upon the Shear Bond Strength of Metallic Orthodontic Brackets 121
Expert Systems
The Development and Validation of an Orthodontic Expert System 1
Extractions
The Effects of Extracting Upper Second Permanent Molars on Lower Second Permanent Molar Position 109

Facial Growth
Balancing the Books on Orthodontic Treatment: An Integrated Analysis of Change 93
Fixed Cast Restorations
The Re-establishment of Molar Occlusion Following Orthognathic Survey 61
Fluoride-leaching
In vitro measurement of enamel demineralisation in the assessment of fluoride-leaching orthodontic bonding agents 343
Foetus
Alteration in Facial Shape in the Anencephalic Human Foetus 129
Force
Accuracy of Orthodontic Force and Tooth Movement Measurements 241

GDS Standards
A Critical Assessment of Orthodontic Standards in England and Wales (1990–91) in relation to changes in prior approval 221
Growth
Alteration in Facial Shape in the Anencephalic Human Foetus 129

Headgear
Distal Movement without Headgear: The use of an upper removable appliance for the retraction of upper first molars 305
'Hands Free'
Bonded Retainers 'Hands Free' 313

Improving Standards
Assessment of GDS Orthodontic Standards: The Dental Practice Boards Gradings Compared to PAR and IOTN 211
Incisor Crowding
A New Approach to Incisor Retention—the Lingual Spur Retainer 199
Incisor Rotations
A New Approach to Incisor Retention—the Lingual Spur Retainer 199
Infection Control
The Effects of Cross-infection Control Procedures on the Tensile and Flexural Properties of Superelastic Nickel-Titanium Wires 37

Injuries
A National Survey of Orthodontic Facebow Injuries in the UK and Eire 11
Inter-incisor Angle
Class II/Division 2 Malocclusion: A Method of Planning and Treatment 29
IOTN
The Consultant Orthodontists Group 1994 Survey of the Use of the Index of Orthodontic Treatment Need (IOTN) 57

Jeremiah 1
The Development and Validation of an Orthodontic Expert System 1
Juvenile Chronic Arthritis
Lesions of the Mandibular Condyle in Juvenile Chronic Arthritis 49

Late Lower Arch Crowding
Late Lower Arch Crowding in Relation to Skeletal and Dental Morphology and Growth Changes 249
Le Fort I Osteotomy
Prader-Willi Syndrome—A Case Report of the Tri-Disciplinary Management of Maxillary Hypoplasia and Enamel Attrition 299

Maxillary Hypoplasia
Prader-Willi Syndrome—A Case Report of the Tri-Disciplinary Management of Maxillary Hypoplasia and Enamel Attrition 299
Measurement of Crowding
The Assessment of Crowding without the need to Record Arch Primeter Part I: Arches with Acceptable Alignment 137
The Assessment of Crowding without the need to Record Arch Perimeter. Part II: Crowded and Irregular Arches 229

National Health Service
Starting From Scratch 85
Nickel titanium
Distal end Cutters—Efficiency, Safety and Design 172
Non-extraction
Class II/Division 2 Malocclusion: A Method of Planning and Treatment 29

Obstructive Sleep Apnoea
Obstructive Sleep Apnoea 315
Obturator
Use of a Modified Twin-Block Appliance Following Partial Maxillectomy: Case Report 103
Occlusal Indices
The Consultant Orthodontists Group 1994 Survey of the Use of the Index of Orthodontic Treatment Need (IOTN) 57
Training Dental Nurses in the use of the PAR Index: A Pilot Study 153
Assessment of GDS Orthodontic Standards: The Dental Practice Boards Gradings Compared to PAR and IOTN 211
A Critical Assessment of Orthodontic Standards in England and Wales (1990–91) in relation to changes in prior approval 221
Occlusion
The Re-establishment of Molar Occlusion Following Orthognathic Survey 61

Orthodontic Bonding agents
In vitro measurement of enamel demineralisation in the assessment of fluoride-leaching orthodontic bonding agents 343
Orthodontic Bands
A Scanning Electron Microscope Study of Early Enamel Caries Formed In Vivo Beneath Orthodontic Bands 43
Orthodontic Facebow
A National Survey of Orthodontic Facebow Injuries in the UK and Eire 11
Orthodontic Journals
An Analysis of Papers published in the British and European Journals of Orthodontics 203
Orthodontic Tooth Movement
Accuracy of Orthodontic Force and Tooth Movement Measurements 241
Orthodontic Treatment
Factors influencing the uptake of Orthodontic Treatment 331
Factors Associated with the Standard and duration of Orthodontic Treatment 335
Orthodontic Treatment Effects
Balancing the Books on Orthodontic Treatment: An Integrated Analysis of Change 93
Orthognathic Surgery
The Re-establishment of Molar Occlusion Following Orthognathic Survey 61
Overbite
Class II/Division 2 Malocclusion: A Method of Planning and Treatment 29
Overlap
The Assessment of Crowding without the need to Record Arch Perimeter Part I: Arches with Acceptable Alignment 137
The Assessment of Crowding without the need to Record Arch Perimeter. Part II: Crowded and Irregular Arches 229

PAR Index
Training Dental Nurses in the use of the PAR Index: A Pilot Study 153
PAR Index Application
Practical Application of the PAR Index: An Illustrative Comparison of the Outcome of Treatment Using Two Fixed Appliance Techniques 351
Payment Decisions
Assessment of GDS Orthodontic Standards: The Dental Practice Boards Gradings Compared to PAR and IOTN 211
Permanent Retainers
A New Approach to Incisor Retention—the Lingual Spur Retainer 199
Prader-Willi Syndrome
Prader-Willi Syndrome—A Case Report of the Tri-Disciplinary Management of Maxillary Hypoplasia and Enamel Attrition 299
Pre-surgical orthopaedics
Consultant Orthodontic Services for Cleft Patients in England and Wales 165
Precoat Brackets compared
Precoated Brackets, a Comparative Clinical Study 325
Prior Approval
A Critical Assessment of Orthodontic Standards in England and Wales (1990–91) in relation to changes in prior approval 221
Private Practice
Starting From Scratch 85
Publication
An Analysis of Papers published in the British and European Journals of Orthodontics 203
Punctures
A Clinical and Laboratory Evaluation of Three Types of Operating Gloves for use in Orthodontic Practice 115

Randomised Controlled Trials
An Analysis of Papers published in the British and European Journals of Orthodontics 203
Re-cycling
The Effects of Cross-infection Control Procedures on the Tensile and Flexural Properties of Superelastic Nickel-Titanium Wires 37
Reflex Microscope
The Assessment of Crowding without the need to Record Arch Perimeter. Part II: Crowded and Irregular Arches 229
Removable Appliance
Distal Movement without Headgear: The use of an upper removable appliance for the retraction of upper first molars 305
Resorption
Orthodontic Management of Root-Filled Teeth 255
Root-filled Teeth
Orthodontic Management of Root-Filled Teeth 255

Second Molar
The Effects of Extracting Upper Second Permanent Molars on Lower Second Permanent Molar Position 109
Shape
Alteration in Facial Shape in the Anencephalic Human Foetus 129
Software Review 78
Specialist Practice
Starting From Scratch 85
Stainless steel
Distal end Cutters—Efficiency, Safety and Design 172
Static loading
The Effect of Static Lading in Orthodontic Bonding 237
Study Casts
The Assessment of Crowding without the need to Record Arch Perimeter Part I: Arches with Acceptable Alignment 137
The Assessment of Crowding without the need to Record Arch Perimeter. Part II: Crowded and Irregular Arches 229
Study Models
Individualized Catenary Curves: Their Relationship to Arch Form and Perimeter 21
Superelastic NiTi
The Effects of Cross-infection Control Procedures on the Tensile and Flexural Properties of Superelastic Nickel-Titanium Wires 37
Supra-Eruption
The Re-establishment of Molar Occlusion Following Orthognathic Survey 61
Survey
A National Survey of Orthodontic Facebow Injuries in the UK and Eire 11

Temporomandibular Joint Disorder
The Prevalence of Temporomandibular Disorder in Patients Referred for Orthodontic Assessment 261
Thalassaemia Major
Effects of Thalassaemia Major on components of the Craniofacial Complex 157
TMJ Abnormality
Lesions of the Mandibular Condyle in Juvenile Chronic Arthritis 49
Trauma
Orthodontic Management of Root-Filled Teeth 255
Treatment Planning
Class II/Division 2 Malocclusion: A Method of Planning and Treatment 29
Orthodontic Treatment Planning by General Dental Practitioners 359
Twin Block Appliance
Use of a Modified Twin-Block Appliance Following Partial Maxillectomy: Case Report 103

Validity
Accuracy of Orthodontic Force and Tooth Movement Measurements 241

Wires
Distal end Cutters—Efficiency, Safety and Design 172
